MEMORANDUM

To: Special Education Administrators

From: Lynn Busenbark, Ph.D.
Director of Program Support
Exceptional Student Services

Date: September 9, 2002

Subject: 2002 SAT 9 test scores for students with disabilities

Accompanying this memo is a listing of schools that had students with disabilities participating in SAT 9 testing in the spring of 2002. These scores will serve as a baseline for future years to evaluate progress.

The tests and grades with a student count of 5 or less are not reported and contain an asterisk to ensure student confidentiality. The numbers and scores at each grade are reflected of all students who took the test at that level, including those who took the test out-of-level.

Please review your scores to determine areas of strength and to make plans to improve the areas of concern. If you have any questions, please contact the ADE/ESS specialist assigned to your agency.
